Overview

Lantech Networks Limited is a leading tech company specializing in the installation and integration of advanced security and connectivity solutions. With a focus on access control, CCTV, structured cabling, fire alarm, and intruder alarm systems, we provide comprehensive services to businesses and organizations seeking to enhance their safety and efficiency.

Vision

Pioneering secure connectivity for a safer world. Our vision is to be at the forefront of technological innovation, seamlessly integrating access control, structured cabling, cctv, fire alarm, and intruder systems to create environments where safety and efficiency thrive.

Mission

Our mission is to provide cutting-edge solutions in access control, structured cabling, cctv, fire alarm, and intruder systems installation, tailored to the unique needs of our clients. With a relentless focus on quality, reliability, and customer satisfaction, we strive to enhance security, streamline operations, and empower organizations to thrive in a rapidly evolving digital landscape.

Core Values

Innovation: We stay at the forefront of technological advancements to deliver innovative solutions that meet the evolving needs of our clients.

Integrity: We operate with honesty, transparency, and integrity in all our interactions, building trust and credibility with our clients and partners.

Excellence: We strive for excellence in everything we do, from the quality of our installations to the level of service we provide, ensuring the utmost satisfaction of our clients.

Collaboration: We foster collaboration and teamwork, working closely with our clients and partners to deliver customized solutions tailored to their specific requirements.

Access Control:

Our access control systems offer advanced security features to regulate entry and monitor access to your premises, ensuring only authorized personnel can enter restricted areas.

CCTV INSTALLATION

We install high-definition CCTV cameras and monitoring systems to provide real-time surveillance and enhance security monitoring capabilities.

Our structured cabling solutions provide reliable and efficient connectivity infrastructure, supporting data, voice, and multimedia communications within your organization.

Structured Cabling:

Fire Alarm Systems:

We design and install state-of-the-art fire alarm systems equipped with advanced detection and notification features to protect your property and personnel from fire hazards.

Intruder Alarm Systems:

Our intruder detection systems utilize cutting-edge technology to detect and deter unauthorized access, safeguarding your premises against potential threats and intrusions.

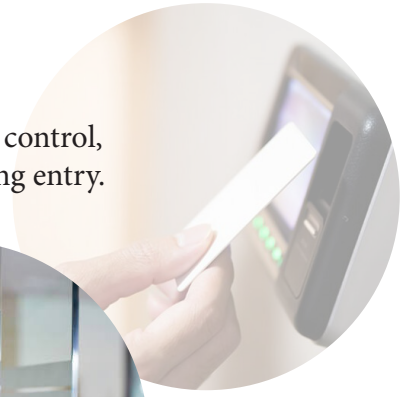

Perimeter Security Fencing:

We offer robust perimeter security fencing solutions to create a secure boundary around your property, deterring unauthorized access and enhancing overall security.

Video Intercom:

Our video intercom systems provide seamless communication and access control, allowing for secure identification and verification of visitors before granting entry.

Office Supplies:

We offer a wide selection of office supplies, including stationery, paper products, writing instruments, desk accessories, and more, to meet the day-to-day needs of businesses of all sizes.

Technology Solutions:

Our technology solutions encompass a range of products and services, including printers, copiers, scanners, shredders, and IT accessories, designed to streamline workflow processes and enhance office efficiency.

We provide managed print services to optimize print environments, reduce costs, and improve document security, helping businesses achieve greater control and visibility over their printing operations.

Managed Print Services:

Office Furniture:

Our office furniture solutions include ergonomic chairs, desks, workstations, storage cabinets, and office decor, offering comfort, functionality, and style to create productive work environments.

Centralized Security Control Room

We design and implement centralized security control rooms equipped with advanced monitoring and management capabilities, enabling efficient oversight and response to security incidents.

CLIENT REMARKS

“Working with Lantech Networks Limited has been an absolute pleasure. **Their expertise** in CCTV camera installations, access control systems, and structured cabling is truly commendable. From the initial consultation to the final implementation, their team demonstrated **professionalism, efficiency, and attention to detail** every step of the way. Thanks to their excellent work, our company now boasts a state-of-the-art security and connectivity infrastructure that meets our needs perfectly. I highly recommend Lantech Networks Limited to anyone seeking superior quality installations and exceptional service”

Henri Juman, **MAGEREZA SACCO**

“I have been thoroughly impressed with the **exceptional service and expertise provided** by Lantech Networks Limited in the installation and maintenance of CCTV cameras and ICT solutions. Their team’s professionalism, attention to detail, and commitment to delivering top-notch results have truly set them apart. With their assistance, we have achieved unparalleled security and connectivity within our premises, allowing us to operate with confidence and peace of mind. I highly recommend Lantech Networks Limited to anyone seeking **reliable and comprehensive solutions** in the realm of security and technology”

Martin Albrigtsen, **CEDARS RESTAURANT**
